The effect of water intake prior to blood sampling on packed cell volume in sheep .................................................. 33
Comparison of effects of uncomplicated canine babesiosis and canine normovolaemic anaemia on abdominal splanchic
Doppler characteristics – A preliminary investigation ............................................................. 138
Katkor® cat litter, a non-invasive method of collecting cat urine for phosphate determination ........................... 233

Epidemiology
Epidemiology and control of trematode infections in cattle in Zimbabwe: a review ................................. 9
Participatory rural appraisal to investigate constraints in reporting cattle mortalities in the Odi district of North West
Province, South Africa .......................................................................................................................... 209
The impact of 2 dipping systems on endemic stability to bovine babesiosis and anaplasmosis in cattle in 4 communally
grazed areas in Limpopo Province, South Africa ........................................................................... 217

Equine
Post-anaesthetic myelomalacia in a horse ............................................................................................... 36
Dataura contamination of hay as the suspected cause of an extensive outbreak of impaction colic in horses ...... 107
Tracheal perforation managed by temporary tracheostomy in a horse .................................................. 113
Efficacy of parenteral administration of ivermectin in the control of strongylidosis in donkeys ............... 209

Feline
Katkor® cat litter, a non-invasive method of collecting cat urine for phosphate determination ................. 233

History
Veterinary education in South Africa: the Class of 1927 ........................................................................ 124

Homeopathy
Textbook of veterinary homeopathy – Book review .............................................................................. 137

Medicine
Rationale for using Peltophorum africanum (Fabaceae) extracts in veterinary medicine .......................... 54

Neoplasia
Papillary ovarian cystadenocarcinoma in a dog ...................................................................................... 43
Canine cutaneous neoplasms: prevalence and influence of age, sex and site on the presence and potential malignancy of
cutaneous neoplasms in dogs from Zimbabwe ...................................................................................... 59
Lymphangiosarcoma of dogs: a review ................................................................................................. 127
Lymphangiosarcoma in a 3.5-year-old Bullmastiff bitch with vaginal prolapse, primary lymph node fibrosis and other
congenital defects .................................................................................................................................. 165

Nutrition
Diagnosis of suspected hypovitaminosis A using magnetic resonance imaging in African lions (Panthera leo) .......... 132

Ovine
Ulcerative balanitis and vulvitis of Dorper sheep in South Africa: a study on its aetiology and clinical features .... 197
In vitro antimicrobial susceptibility of Mycoplasma mycoides mycoides large colony and Arcanobacterium pyogenes isolated
from clinical cases of ulcerative balanitis and vulvitis in Dorper sheep in South Africa ......................... 204

Parasitology
Third meeting of the Cysticercosis Working Group in Eastern and Southern Africa takes place in Maputo ........ 2
Epidemiology and control of trematode infections in cattle in Zimbabwe: a review ............................... 9
The possible role of Ostertagia circumcincta, coccidiosis and dietary protein level in the development of swelling disease in
Angora goat kids ...................................................................................................................................... 63
Seasonal occurrence and production effects of the biting louse Damalinia limbata on Angora goats and 2 treatment options .... 74
In vitro investigation of the toxic effects of extracts of Allium sativum bulbs on adults of Hyalomma marginatum rufipes and
Rhipicephalus pulchellus .......................................................................................................................... 99

Parasitological Society of Southern Africa (PARSA) — Abstracts of papers and posters presented at the 33rd Annual Congress,
12–15 September 2004, Manyane, Pilansberg National Park ................................................................ 172

Papers
Taking a ‘tryp’ across the human blood–brain barrier: a new adventure .................................................. 172
Comparative micromorphological specializations of the Phthiraptera (lice) as revealed by scanning electron microscopy ... 172
Species specificity in Diplozoidae in freshwater fishes in Vaal Dam ......................................................... 173
Protozoan fish parasites and their implication in aquaculture in the Okavango Delta, Botswana .............. 173
Aspects of the ecology of the Asian tapeworm, Bothrioccephalus acheilognathi Yamaguti, 1934, in yellowfish in the Vaal Dam,
South Africa ........................................................................................................................................ 173
New Babesia parasites in cheetahs and other wild felids ......................................................................... 173
Screening of 4 anthelmintics for their efficacy against the gill-parasitising monogeneans Calceostoma sp. and
Diplectanum sp. from the silver kob, Argyrosomus inodorus .................................................................. 174
Attachment of Nesitius orientalis (Siphonostomatoida: Pandaridae) specimens to their hosts ................. 174
Some responses of salivary glands in female Hyalomma marginatum rufipes to water and garlic .................. 174
Functional micromorphological specializations of the human body louse ................................................ 174
Micromorphology of sucking lice from Thompson’s gazelle ................................................................... 175
Prevalence of genital campylobacteriosis and trichomonosis in crossbred breeding bulls kept on zero-grazed smallholder dairy farms in the Tanga region of Tanzania ................................................................. 224
Cryptococcus neoformans granuloma in the lung and spinal cord of a free-ranging cheetah (Acinonyx jubatus). A clinical report and literature review ......................................................... 228

Radiology
Small foreign body in the lung and spinal cord of a free-ranging cheetah (Acinonyx jubatus). A clinical report and literature review ......................................................... 228
Spinal spondylosis and acute intervertebral disc prolapse in a European brown bear (Ursus arctos arctos) ......................................................... 120
Diagnosis of suspected hypovitaminosis A using magnetic resonance imaging in African lions (Panthera leo) ......................................................... 132

Reproduction
Prevalence of genital campylobacteriosis and trichomonosis in crossbred breeding bulls kept on zero-grazed smallholder dairy farms in the Tanga region of Tanzania ................................................................. 224

Surgery
Tracheal perforation managed by temporary tracheostomy in a horse ......................................................... 113

Toxicology
In vitro investigation of the toxic effects of extracts of Allium sativum bulbs on adults of Hyalomma marginatum rufipes and Rhipicephalus pulchellus ......................................................... 99
Datura contamination of hay as the suspected cause of an extensive outbreak of impaction colic in horses ......................................................... 107
First report of suspected ethylene glycol poisoning in 2 dogs in South Africa ......................................................... 116

Viral diseases
Serosurvey for canine distemper virus exposure in dogs in communal lands in Zimbabwe ......................................................... 104

Wildlife / exotic diseases
Anaesthesia of nyala (Tragelaphus angasi) with a combination of thiafentanil (A3080), medetomidine and ketamine ......................................................... 18
Aeromonas hydrophila-associated skin lesions and septicaemia in a Nile crocodile (Crocodylus niloticus) ......................................................... 40
Renal medullary amyloidosis, hepatocyte dissociation and multinucleated hepatocytes in a 14-year-old free-ranging lioness (Panthera leo) ......................................................... 90
Spinal spondylosis and acute intervertebral disc prolapse in a European brown bear (Ursus arctos arctos) ......................................................... 120
Diagnosis of suspected hypovitaminosis A using magnetic resonance imaging in African lions (Panthera leo) ......................................................... 132
Effects of xylazine, lignocaine and their combination for lumbar epidural analgesia in water buffalo calves (Bubalus bubalis) ......................................................... 151
A report of anthrax in cheetahs (Acinonyx jubatus) in Botswana ......................................................... 86
Reversible anaesthesia of free-ranging lions (Panthera leo) in Zimbabwe ......................................................... 187
Cryptococcus neoformans granuloma in the lung and spinal cord of a free-ranging cheetah (Acinonyx jubatus). A clinical report and literature review ......................................................... 228

Book reviews
Emerging zoonoses and pathogens of public health concern ......................................................... 73
Textbook of veterinary homeopathy ......................................................... 137
Infectious diseases of livestock, 2nd edition ......................................................... 232
